silky, morning.

i wonder for your state of mind, no one is asking questions for anyone else except themselves. i have actually been approached to back off and let the man himself speak which he has done. everyone of us has spoken up because we are appaled by your dispicable, selfish actions. from FPR, johnas, royalteel, kiki, cracka, keysersoze, carlito, CBL, myself and most importantly the recently departed NUart, we can all form our own intelligent opinions based on what you purport to be the truth. you cannot keep a straight story, you are trying to turn it in to a personal vendetta because that helps play in to your victim mentality, you have outright lied, been decietful, conservative with the truth, dodged questions and done your utmost to unsuccessfully justify not only an immorrall action but also one that may even be illegal.

the majority of people who are on this forum are here for the love of the art and the people in the scene, these are the people you are disenfranchising by your unforgivable actions. you may get support from flippers and the silent minority but to anyone with an ounce of sense they can now truly see what you are about.

the situation with nu is a perfect example, the man knows more and has done more for this whole movement in one week than twenty odd forums and a load of group emails, yet he cannot stand to be around you and what you stand for.  
in the short term silk you may win the battle but for a hell of a lot of us

this is a long term passion and we take it very seriously. if you continue to divert attention away from the fact you sneakily registered a name that was suggested by you but jointly agreed then i fear that this forum may never recover.

and no-one is goint to write about the cartrain forum in years to come are they?

this isn't about you or your forum, it's about your snidey actions and refusal to accept you are clearly out of order and failure to put right your mistake.

this will only end when the right thing has been done and that is up to you.

Hi all.

Just caught up with what looks like the mother of all f\*\*kups. Please, lets park this thread for 24 hours. Let the dust settle. Think happy thoughts, contemplate, muse, kick it about and consider the ramifications of everything that has gone on the last 16 pages. I'm reading it in retrospect. It's not pretty.

Bottom line for me is the beauty of this forum and what gives it it's life are the characters, personalities. That's why I joined. Without these personalities it's nothing. Just a website with function and purpose but no soul.

Can I suggest that FPR and Silky set some quality time aside to sit down and sort this. Just the two of them. Come on guys it can be done.

I for one don't want to see one more member leave the site for any reason. You all know who you all are. Those that are the heart and soul of this board.

With a bit of commitment there is a solution out there. The easiest thing is for individuals to wring their hands of it and walk away. Come on Silky lead from the front. I know you want to do it.

Please, no more negativity. Work towards a positive outcome. Let's leave the vitriol for something else.

Damn it man. Make that call. In two more posts this f\*\*kup can be laid to rest. For ever.

Gents, lets have people play to their strengths. Silky you do the Forum, FPR the awards already have your name on them. They should be yours.

PS. I'm writing this with cracawacka's avatar going 90 to the dozen in peripheral vision. I can't concentrate any more.

I will say it again like I dint all last night 😊

I want to help Finsbury with next years awards, I want to help! 😊 Finsbury has made it clear he dint want to play ball with me on that count 😊 so he has decided to go home and play football with someone else. Trouble is he has got home and realized I have the ball 😊

So now Im getting s\*\*t 😊

money to help him at least cover the cost of materials for the awards.

I wasn't suggesting you were trying to muscle in on the money side of things, far from it.  
You are trying to control the event Silky, when it's not yours to control  
Offering help is one thing, trying to take it over (with the exception of the presentations) is another  
You're almost relagating FPR to a "Jonathan Ross" roll.

Silky, I think you're a good bloke, and your heart is in the right place, but you have totally fucked this one up old son, and you need to sort it out **now**.

On the subject of NU... why has his IP now been banned, also when did we start banning not just artists, but respected artists who a lot of this forum collect?

You may want to help, but it's like you are forcing your help on FPR whether he wants it or not....you should be offering your help, then letting him take you up on your offer **IF** he wants it  
Your analogy with football is very good, the problem is, the ball belongs to FPR & you have his ball!

I've tried to stay out of this as much as I can but here is my proposal. This proposal is made in the spirit of trying to bring a compromise to this problem. I am posting this on both here and the wallkandy forum

- 1) Next year there should be ONE awards ceremony. It should be run by FPR and should be independent of any forum, but promoted on all forums.
- 2) The name of the awards ceremony is pretty immaterial as long as there is only one. If Silky want to keep Urbanartawards.com then he should be allowed to keep it. The awards can be called something else.
- 3) The votes should all be cast on a seperate website to ensure the integrity of the vote and should be subject to independent audit from someone.
- 4) The ceremony should be run on a not-for-profit basis at worst and ideally in aid of charity. People could maybe be charged a nominal sum to attend the ceremony to offset any costs. There could be a small charity auction as well at the event.

On a seperate note:

- 1) The name wallkandy and all its variants should be removed from the banned list of words on banksy.info
- 2) There be a meeting between FPR, Police Aware, Silky and other to clear the air. I am happy to try and mediate that meeting as I post on both forums and don't have a personal axe to grind against anyone.
- 3) At the meeting we can discuss amongst other things the continued banning of some members on Banksy.info and whether that can be resolved; the needless name calling and unpleasant personal attacks on Silky and whether that can avoided in future; world peace and the next banksy release.

Sorry I don't know anything about the rights or wrongs of this. I really enjoy this forum and the people on it and I really enjoyed the awards night and meeting some great people. Pez's proposal above seems very sensible. Season of goodwill etc gentlemen!

Nu left the forum and deleted his account, totally his decision.

And after his post saying I was "thief and a selfish ignorant c\*\*t" Im not really wanting him back 😊 if that was said about anyone else my PM box would be swamped with PM's telling me to remove him from the forum.

He did, but he can't ban his IP...

There are so many people who could greatly contribute to this forum who just cannot get on it... instead of reasoned art debate and discussion we have F5 and 'flipper' threads...

It's been a pleasure guys. But enough of this kiddie s\*\*te.

Yeah Nu did leave but that wouldn't get his IP blocked and yeah how wrong is it that Chris, an artist this board considers one of the leading lights of this scene can't even read what we say about his work.

Bye Nu, sad day for this place.
