Silky, I get the impression that FPR wants to do a similar awards next year, but would like to enlarge it to include both forums (and perhaps even elsewhere) would you be happy to let FPR take it and run with it and make it truly bigger and better, could even stop the b**ching differences between the forums.

Why don't you want to share the ownership of the registration name for the Urban Art Awards with FPR?

It sounds like a fair solution to me.

Mark, I made the "Awards Organizer" account especially for you so you could make the polls in a private staff only board of the forum 😊 From what I gather you don't want to have the awards on this site next year, so you don't need your account set as forum staff anymore coz all the voting threads are open to normal members now 😊 I have changed you account back for you now! if that makes you feel better? 😊

Perhaps Silky you should have pmd mark to let him know because it obviously surprised him, you guys should really clear things up in private now.

No let me get this clear this year was all above board as far as a I know. I believe every artists that won, won it fairly. It was the intension for next year that worried me. I still dont feel i have had any sort of explanation. You wanted a question, i gave you one.

The way I read it Silky was suggesting to get the Artists involved so they could maybe mention it to their friends, or on their website as a way to give their fans a heads up. That's not manipulation, it's just PR for the event.

absolutely - it feels wrong that this is public. Its like catching your parents having sex - awkward. Ok, maybe not that bad, but it doesn't feel comfortable - dirty linen in public and all that.

The first part is saying that Artists will want to win the awards, so the more we tell about it, the more they will tell other about it so they get more votes 😊
And the last part is as I said 😊 Its a good idea to have awards the Artists WANT to win 😊 Im not saying that did not happen this year! 😊 Im just saying thats an important part of what an Awards should be.

Keep the questions coming coz I think it would good to just get this out of the way 😊

Maybe I'm wrong but I don't think so. Anyhow I'm just as tired of this as the next man. Silky, you know that you can always come and speak to me in person and i will always be happy to have a rational conversation with you. I cant see this going anywhere so I'm going to drop it. I shall set something else up my self on principle. I think you know you were selfish and hoped to use the awards to promote your own artists but I shall stop with the criticism and go and set up another little thing up else next year. Everyone invited, including you silky. Enough lets talk art.

Artists don't have to prove they "want to win" sh!t! Tons of movie stars who win awards don't even come to the events. Award who deserves to win regardless if they show up, blow you off, or something in between.

I'm not taking any sides here - but I think Silky and FPR should resolve this via PM. FPR is an extremely valuable forum member here and it is my hope that he continues to be.
